## Happy New Year!

Happy new Year and welcome to the new look Courtenay Chronicles for 2008! Although we've got off to a rather chilly (and even a little snowy) start here in Cumbria both the Masters and myself have high hopes for a brighter, more optimistic and positive year than that one which we have all just passed through. No doubt as the year proceeds more information will be given by the Masters, Angels and the Divine through myself and others complimenting that which has already come through. For those of you who haven't already read *Decembers Letters From The Apostles* channelling or the Maitreya Channelling so kindly distributed by Gisela Cowlin and Carole Humber check out the channellings page on my [website www.edwincourtenay.co.uk](http://www.edwincourtenay.co.uk) to find out some truly fascinating info about the year ahead which is sure to wet your whistle!

## Talking Of Websites ...

*My newly revamped website should be up and running very, very soon with Andrew and I working flat out to put the finishing touches to it over Christmas. The website has a new ultra cool mystical magickal feel to it, more in alignment with who I am and also with Ipssissimus our online shop. The website has all the old features, a channellings page, the contacts directory and spell book etc though some of the content has of course been changed. New features include a page dedicated to the Blessing Stone featured in last months Courtenay Chronicles (just click on the Moon icon at the top of the web page), a page dedicated to the trickster God Loki, a patron and spiritual teacher of mine, packed full of fascinating information regarding this much abused archetype and its importance to us on the spiritual path. A themed gallery where you*

*can find all new pictures of the guides and presences working with me and a new daily divination programme. Just click on the Sun icon at the top of the page to find out which Archangel or Master is watching over you for the day and what energies and guidance they have to offer. This daily divination feature comes with all new images of the Masters and Angels sourced from the net! Have a peep and let us know what you think ... we're VERY excited!*

## Talking Of Christmas

I've already had some great feedback re the 2<sup>nd</sup> Apostle Letter which featured a ritual to be performed on Christmas day to help anchor the Christ Light. Some people reported great waves of deep emotion and power as well as deep serenity and peace, finding the simple ritual a welcome addition to their usual Christmas day activities. I was off line over Christmas (spirits orders) due to over doing it a bit towards the end of the year (sorry for cancelling the Master G evening regular attendee's) and so not allowed to participate! The only thing I sensed over Christmas was my bloated tummy growing increasingly fatter with every chocolate truffle scoffed! The Apostle Letter was broadcast on the community Briton radio station Radio Reverb twice on Christmas day (my own broadcast ... just like the Queen) thanks to Shelly Ginger (cheers Shelly) which I thought was a bit of a Christmas miracle itself! If anyone else had any experiences they like to share re the Apostle channelling and Christmas day please feel free to drop me a line.

## A Quick Christmas Thank You

*Just to say a quick thanks to all those people who sent cards and pressies over the Christmas period ... the mountain of chocolate (we've*

*built a small Hansel and Gretel style house out back with it) was greatly appreciated by yours truly and I've even allowed Andrew the odd Orange Cream too. Yum yum in my tum I'm busy growing a chocolate bum!*

### As we're talking about the Tribe of Light .....

*The Tribe of the Light, the organisers of the Angels and Crystals conference in Preston, have a fantastic online spiritual community a little akin to Face Book (for those of you au fait with such things) which has fascinating articles, Angel, Crystal and Pagan rooms as well as a shop and loads and loads of profiles of like minded people. A great way to share your light and learn from others this is a unique resource that has been brought to the spiritual community care of Sheridan King and well worth a look see. I have a profile there and come a rainy evening may be found chatting with online members and cheering myself up by realising just how big the spiritual community is growing! Be there or be the Tatwas symbol for Earth (square)!*

### In Memoriam

On the 22<sup>nd</sup> of December a very dear friend and healing client of mine, Anne Humphrey, died of terminal cancer. Anne had battled and survived cancer before as well as suffering from ME for 16 years. She was a sensitive and healer who

healed by absorbing the conditions of other people and transmuting them, a gift which overwhelmed her for many years making her a social recluse. Despite all this Anne was the most kind, optimistic, sweet natured women I have ever meant who enchanted all those who met her with her radiant smile and infectious naughty humour. She was and remains a true inspiration and I feel privileged to have known her and offered her some respite. Her liberation to the spirit world and her continued pain free journey is the world's great loss and I will miss her greatly. Here's to you Anne, wherever you might be, love and blessings on your way.

I would personally like to thank all those who offered her healing and help throughout her life particularly Lyn Smith, Carole Humber and the Reverend Christopher, on Anne's behalf thank you for all you did for her.

### Auld Lang Syne

Should auld acquaintance be forgot,  
And never brought to mind?  
Should auld acquaintance be forgot,  
And auld lang syne!

*For auld lang syne, my dear,  
For auld lang syne.  
We'll tak a cup o' kindness yet,  
For auld lang syne.*

And surely ye'll be your pint stowp!  
And surely I'll be mine!  
And we'll tak a cup o' kindness yet,  
For auld lang syne.

*For auld.....*

We twa hae run about the braes,  
And pou'd the gowans fine;  
But we've wander'd mony a weary fit,  
Sin' auld lang syne.

*For auld.....*

We twa hae paidl'd in the burn,  
Frae morning sun till dine;  
But seas between us braid hae roar'd  
Sin' auld lang syne.

*For auld.....*

And there's a hand, my trusty fere!  
And gie's a hand o' thine!  
And we'll tak a right gude-willie waught,  
For auld lang syne.

*For auld.....*
